The meat is dispatched from (place of loading)	The meat is dispatched to (country and place of destination)
By the following means of transport	
Name and address of consignor	Name and address of consignee

**IV. Attestation of wholesomeness**

I, the undersigned Official Veterinarian do hereby certify that:

- a) the animals from which the meat is derived were born and raised in the territory of Republic of Finland
- b) the meat was derived from animals originating from an area which was not under any restrictive measures due to epizootic diseases;
- c) the poultry have been kept in registered farms and slaughtering plants free from Newcastle disease and Avian influenza and not situated in a Newcastle disease or Avian influenza infected zone at least for the past 6 months;
- d) the poultry, from which the meat was derived, were subjected to ante and post mortem veterinary inspection by official/authorised veterinarian and the meat was found to be sound, wholesome and fit for human consumption;
- e) the poultry was slaughtered, processed, cut and stored in a plant approved by the Finnish competent authority for export purpose;
- f) the poultry have been slaughtered, processed, prepared and dressed hygienically under the conditions and control laid down in the relevant European Union legislation in force;
- g) the poultry meat was packed and transported under hygienic conditions; and
- h) the poultry meat has been subject to the testing programmes for harmful organisms, veterinary drug residues and other toxic substances administered by the Finnish competent authority. The results of the tests meet the European performance standards and have not provided any evidence as to the presence of chemical/drug residues or toxic substance which would be harmful to human health.
