4. Certificate on suitability of products in food

I, the undersigned state/official veterinarian certify that:

The certificate is based on the following pre-export certificates (see attached list in case more than two)¹:

Date:	Number:	Country of origin:	Administrative territory:	Approval number of the Establishment:	Name and quantity (net weight) of the product:

- 4.1 Milk and milk products were obtained from clinically healthy animals at the dairy farms which are officially free from contagious animal diseases and are manufactured in dairy establishments, approved by the Competent Veterinary Service for export and are under its constant supervision,
- 4.2 Milk and milk products originate from premises and/or administrative territories officially free from infectious animal diseases, including:²
- foot-and-mouth disease, rinderpest, contagious bovine pleuropneumonia and vesicular stomatitis - during the last 12 months in the territory of the EU Member State;
 - brucellosis (B.abortus and B melitensis)and tuberculosis - officially free region, officially free premises or from animals that do not show a positive reaction to tests for brucellosis and tuberculosis;
 - sheep pox and goat pox - during last 6 months in the premises³.
- 4.3 Milk (milk products) exported into the Russian Federation:
- are not contaminated with salmonella or other bacterial disease agents;
 - are not subjected to ionization radiation, ultra-violet rays and do not contain coloring substances which are not registered by the Russian Federation;
 - do not contain natural or synthetic estrogenic and hormonal substances, thyreostatics, antibiotics, other drugs and pesticides.
- 4.4 Milk, used in manufacture of milk products, passed adequate treatment enough to remove pathogenic micro organisms dangerous to human health. Milk products were treated to ensure absence of live pathogenic organisms.
- 4.5 Milk products are considered fit for human consumption and for unrestricted retail purposes by the state/official authority of the exporting EU Member State.
- 4.6 Microbiological, chemical-toxicological and radiological characteristics of milk and milk products correspond to actual veterinary and sanitary rules and requirements of Russian Federation.
- 4.7 Exported milk (milk products) have typical organoleptic characteristics and undamaged factory packaging.
- 4.8 Single-use containers and packaging material meet hygienic requirements.
- 4.9 Means of transport are treated and prepared in accordance with the rules approved in the EU.
